

## Bundoora

29 September 2009

Welcome to the first Bundoora Library Redevelopment Project update on what's happening with the Bundoora Library Redevelopment Project Stage 1 and associated collection moves. This fact sheet will keep you up to date with what's happening on a regular basis.

Important news this week is as follows:

- Information on the Project is available at: [www.lib.latrobe.edu.au/bundoora/building/](http://www.lib.latrobe.edu.au/bundoora/building/)
- Work on removal of the ceiling on Level 1 - public areas - will begin on Tuesday 29 September at 7:00am. During these works, shelving areas will be progressively sectioned off for periods of up to 6 hours to allow work on the removal and cleaning of the ceiling. Lights and other services should not be affected.

Library materials in the sectioned off block will not be able to be accessed for that 6 hour period. The estimated completion date for this work is Monday 5 October.

Activities may occur for 24 hours a day during this entire period.

Buildings and Grounds are preparing printed public notices to go up around the building. Please make yourself aware of these activities and take care when moving around the collection and other public areas on Level 1.

- The relocation of collections is scheduled to begin in November 2009 to allow builders onsite in January 2010. Materials to be moved to the Bundoora annexe and the Library's closed on-site compactus are detailed on the '[What's moving](#)' section of the website.
- If you have further queries about collection access or moves please contact [Eva Fisch](#), Collection Development Manager.
- General inquiries about the Project should be directed to:
    - [Virginia Ruchel](#), Library Communications and PR Coordinator, ext 1857.
